

Infrastructure Tourism

Kusatsu hot spring is just around the corner.

Being a witness of history through YAMBA TRIP

“Yamba” is the pronunciation of “八ッ場”.

Only 30-minute drive from Kusatsu hot spring.

It is the place which became famous for its dam construction few years ago. There are many tourist attractions including Agatsuma Valley, Suwa shrine, Fudo Falls and the stunning view from Fudo Long-Bridge over the dam construction site. Why don't you add the firsthand information of Yamba and your exciting experience to your trip?
